A Student's Guide To Hearsay

Synopsis

The overarching objective of A Student's Guide to Hearsay is to help students sort out the complexities of the hearsay rule, its exceptions, and the Sixth Amendment Confrontation Clause. For each exception, this book:

- Outlines the policies underlying the exception;
- Lists and explains the requirements that must be satisfied for evidence to be admitted under the exception;
- Explains additional issues that have arisen or are likely to arise;
- Explains how the rule interacts with other rules;
- Discusses tactical and procedural considerations that must be understood to appreciate how the rule plays in court; and
- Provides review questions and answers that allow students to test their understanding and applications of the rules.

The book also includes humorous references addressing the hearsay significance of a ham sandwich, Humpty Dumpty, the Greek god of wine, Tim McGraw, dog saliva, Derek Jeter, a squeaky boot, Leonardo DiCaprio, the French Army, the speed of sound, Commander Data, and the Chicago Cubs. The 4th edition is based on the text of the restyled Federal Rules of Evidence that will become effective December 1, 2011. It includes a detailed discussion of every Supreme Court Confrontation Clause decision from Crawford to Bryant, and also discusses the Bullcoming case which the Court will probably decide sometime this year. It includes a link to the author's web page on which updates to the Guide will be posted.

Book Information

Paperback: 334 pages

Publisher: LexisNexis; Revised Fourth edition (January 3, 2012)

Language: English

ISBN-10: 0769846963

ISBN-13: 978-0769846965

Customer Reviews

This book was very helpful. I was able to learn hearsay much more quickly than the rest of the students in the class. Great problems and hypos. I bought the e-book and eventually bought the

paperback because it was easier to use, IMO.

This is a really great book to learn Hearsay. I like the fact that it gives you examples and then the answers, like E & E, but this book seems to really explain the concepts better than any E&E books I have read. It seems very user friendly and focused on practicality, and it gives you very good tips on how to analyze the rules in an easy way.

Very very specific. I taught myself hearsay with this book and aced my evidence final. I loved all of the examples throughout the book. This book is very thorough and getting through this book will make hearsay seem easy. If you are uncertain with specific areas of hearsay, you can just go to that specific section and go through the explanations and examples.

If you want to pass evidence and understand what you are doing, this is a great workbook! Evidence is one of the more difficult law school classes and bar tested in most states. This workbook helps keep it simple.

The checklist approach is quite helpful for understanding the topic. It also provides clear fact patterns so that you can see how the rules are applied.

MUST HAVE. Aced Evidence because of this book. Hearsay is brutal - until you buy this book.
