101 Uses For A Dead Cat

Synopsis

Since time immemorial mankind has been plagued by the question "What do you do with a dead cat?" Here, at last, in 101 hilarious, outrageous, and (sometimes) downright sick cartoons, are some answers. 101 black-and-white illustrations.

Customer Reviews

Although this book is now quite old it has lost none of its ascerbic wit. And it is wit with a dark, naughty and twisted edge which does not have to work hard to illustrate its point, it does exactly what you would expect of the title and why would you look if you felt as though you would be offended? I believe this kind of base, juvenile humour is needed by us all at times. The hilarity of the forbidden and taboo subject is intensely and achingly funny sometimes. Surely everyone remembers wanting to howl with laughter when being heftily scalded as a child? To ignore we have such base instincts is to deny being human and assume superiority over ones peers, quite hilarious in itself really, it is after all, JUST A BOOK! This book is wickedly funny and a huge "pick-me-up" with no real malice intended! To the book's detractors and disapprovers I say, Lighten up folks! NO ACTUAL CATS WERE HURT IN THE MAKING OF THE BOOK!!

I first encountered "101 Uses for a Dead Cat" about 20 years ago. Every page produced at least a chuckle and a good many guffaws. These are humorously drawn cartoons without captions -- and they're as absurd as they're meant to be. Of course, no one in real life is going to use a dead cat for any purpose whatever, but given how seriously some cat lovers take their cats -- and the nature of

the housecat -- the premise itself is funny. One of those premises, by the way, is that in these 101 absurd cartoons, cats appear to be of more usefulness dead than alive. I know a lot of cat owners who think this book is hilarious precisely because they love their cats despite the fact that, in many ways, their cats are frequently annoying, destructive, selfish, demanding and high maintenance. At any rate, I'm always amused when I find people who take this book so seriously they don't see the humor in it, much like vegetarians who go out to dinner with friends and then are obnoxious about the meat or fish other people are eating.

My cat just died, so I dug this book out as an antidote to my gloom. Fantastic, haven't laughed so much in years, and it's given me one or two ideas as well...

I bought this when it was first published decades ago. Recently, I bought a recent copy for a young friend who never saw the original. Of course, I read it again. The cartoons aren't meant to be serious but they are good therapy after a long day. Most are easy to understand so you can go through the book quickly. It's like eating a bag of popcorn. Once you start, you can't stop. I recommend it to anyone who needs to smile.

This is such a classic book. I have a 30-something co-worker who never saw the book. While helping him move, he told me stories about his Mom, who is apparently a "crazy-cat-lady" with way too many cats. (His words, "One more and it's hoarding." I'm sure he's kidding.) Anyway, he doesn't much care for our furry, four-legged little friends. Worse for him? He needed to find an apartment that would allow cats, since his live-in girlfriend owned cats. Poor guy. At least I was able to put a smile on his face!

hilarious little book saw this in a store one time for 20.00 decided not to get it for the price but looked it up a few years later and bought it for 3.94 very cute little book highly recommend for anybody

I loved this book when I first saw it after it first came out. It took a couple of decades, but I finally got a copy - and it is as funny as I remember it. If you have a sense of humor, then I suggest you get this book and add it to your collection.

This book will make you laugh whether you like cats or not. Have given it to cat owners and non cat owners and they always enjoy. I highly recommend it especially for someone who is ill or

hospitalized.
