I really enjoy this joke book and find myself revisiting it often. It is well organized and has jokes on almost every imaginable subject. I entertained my friends on a weekend getaway by reading from this book. Well worth the money. And in case you are wondering, the jokes in this book are mostly inoffensive. This is not a crude book.

Best thing about this book is "Organization". You can select category from content page. Every category has enough jokes so you can pick that suits your style best and share it with friends or in chat rooms. Definitely it'll help you win friends. Jokes are mixed taken from internet, standup

comedy , and many funny one-liners that cater all audience taste .This is one thick book of 477 pages ,This book needs editing to cut its page numbers to half then it can compete with any top selling joke book as half of pages are just a drag and not making any funny impression."Judy Brown" is another author you can try for funny stuff .

'Man Walks Into a Bar' is a tie for the best joke book I have found in several years of looking. As jokes editor for a publication, I am always looking for jokes I can use. Most books have far too many jokes that I won't use in a family-oriented publication. Others have rehashed and stupid jokes that aren't worth using. Because I read it on my Kindle, I highlight the jokes and go back to them with the "notes and bookmarks" tool. This book had so many usable jokes that I can't begin to count them. That doesn't mean there aren't risqué (I sound like my grandmother) jokes and downright disgustingly dirty ones, but very, very few of them. Surprisingly, after looking for jokes for more than 10 years, I thought I had heard most of them. "Man Walks Into a Bar" has far more original and funny jokes than any book I have read in a long time. It is well worth the money and I guarantee anyone with a sense of humor will enjoy it. Those without a sense of humor are doomed to life of misery, anyway, so we won't worry about them.

This is one of the funniest books I have read in years. Bought additional copies to send to friends. I recommend it to everyone with a sense of humor.

Everyone's sense of humor is different. I find the majority of the jokes in this book to be not that funny. Nevertheless, out of the six thousand jokes there were at least six hundred that made me laugh. That's good enough for me. I bought the book to send my fiancé who is working abroad a joke a day by email so the book has worked for me. The book is thick almost five hundred pages so I am sure you will find plenty to laugh about. People in previous reviews have complained about the small print and yes, the print is small but certainly readable. I just see it as "more for your money".

I purchased this book for my Uncle, who is 90 and lives in a VA nursing home. He was thrilled with having a book of 6000 jokes that he can tell to his fellow residents. I had thumbed through the book before giving it to him and I foresee many hours of laughter in the halls of the VA home.

Has plenty of "jokes" the quality of these however can vary GREATLY. I love jokes so it was a great addition to my book collection but I would like a book maybe with a bit better quality. The

organization of the book however was great.

Shipping was very quick and the book was in perfect condition. The book is a gift but I did skim through it quickly and was able to find a good amount of jokes that made me laugh. Compared to a lot of joke books where I have read the whole thing without a single chuckle this book has some good potential.
