Synopsis

Based on the first half of the longtime market-leader BUSINESS LAW: TEXT AND CASES by Clarkson/Miller/Cross, this paperback text offers an affordable solution for the first course in a business law series, often a requirement for business majors. Customer Reviews

I rented this book for a college class that I am taking this quarter. I have actually really enjoyed the book and found it very useful. It is not dry and boring as many would think a law textbook might be. The examples and stories are relevant to anyone who has ever entered or even thought about entering into a contract. If you are thinking of starting a business, or even just wonder how different types of businesses and contracts work I would suggest this textbook as a great resource. In fact, I find it so useful that I plan to purchase it at the end of the quarter instead of returning it as a rental!

Exactly one week ago this book cost \$37 to rent. Now it is \$67 due to demand by the class I'm taking that requires this textbook. Bad business ripping off college students.

I was told that if I purchased this book NEW, which I did, that the MindTap access code should be attached to the book. I did not receive the access code for MindTap!

This book is a well-written very detailed and practical book. People reading this book can find practical use of the material in the book to apply to their lives. The book also has facts and decisions about some particular cases.

Very clear, easy to learn from! Great examples and case studies!! Thoroughly enjoyed this text book!
