Examples & Explanations: Family Law, 3rd Edition

Synopsis

Employing the trusted Examples & Explanations format, Examples & Explanations: Family Law, Third Edition, offers a cutting-edge study aid that will be an asset to any family law class. Fully updated, the new edition continues to identify and explore new trends in family law practice. Among the strengths of this comprehensive study aid: The clear organization and in-depth treatment of discrete topics make it easy for students to understand the nuances of family law. It includes central topics such as alternative dispute resolution, domestic violence, alternative reproduction, premarital agreements, and professional responsibility. Forward looking authors who routinely interview practitioners to discern new trends in family law and family law practice. New to the Third Edition: The alternative dispute resolution coverage has been expanded to include collaborative law and parenting coordination as well as mediation and arbitration. The implications for same-sex relationships are discussed in relevant sections throughout the book. The coverage of marriage has been substantially updated. The treatment of parentage issues has been expanded.

Customer Reviews

You will not be disappointed. This is a great book and its content is extremely valuable. This is a good purchase even if you aren't taking a family law class. I was surprised at the tremendous amount of detailed information found inside. Thanks !!!

This book is absolutely worthless if you are taking a Family Law class in law school. It doesn't cover

half of the topics- doesn't even mention the difference between a community and common law property state! That's is a huge difference that you need to know when you are dividing property at divorce! This book is a disaster- I will be selling it back and trying to find a new supplement. Ugh!

This was a book that was well organized and made things easy to find within the book. It allowed me to find out numerous things for class.

The E&Es are the ONLY supplement I get. When I need to double-check that my understanding of the law is on point with other lawyers, I can just read through each topic in the chapters. When I need examples before the final exam, I can just go through the examples. Oh, but when I need to make sure than my answers are actually correct . . . I can f***ing go to the explanations! That's so much better than old final exams online, or the professor telling you "what do you think the answer is?"
