Rush Limbaugh: An Army Of One

Synopsis

Do you remember your first time? People tend to remember the moment they first heard The Rush Limbaugh Show on the radio. For Zev Chafets, it was in a car in Detroit, driving down Woodward Avenue. Limbaugh's braggadocio, the outrageous satire, the slaughtering of liberal sacred cows performed with the verve of a rock-n-roll DJ-it seemed fresh, funny and completely subversive. "They're never going to let this guy stay on the air," he thought. Almost two decades later Chafets met Rush for the first time, at Limbaugh's rarely visited "Southern Command." They spent hours together talking on the record about politics, sports, music, show business, religion and modern American history. Rush opened his home and his world, introducing Chafets to his family, closest friends, even his psychologist. The result was an acclaimed cover-story profile of Limbaugh in The New York Times Magazine. But there was much more to say, especially after Limbaugh became Public Enemy Number One of the Obama Administration. At first Limbaugh resisted the idea of a full-length portrait, but he eventually invited Chafets back to Florida and exchanged more than a hundred emails full of his personal history, thoughts, fears and ambitions. What has emerged is an uniquely personal look at the man who is not only the most popular voice on the radio, but the leader of the conservative movement and one of the most influential figures in the Republican Party. While Limbaugh's public persona is instantly recognizable, his background and private life are often misunderstood. Even devoted Dittoheads will find there's a lot they don't know about the self-described "harmless little fuzzball" who has, over the years, taken on the giants of the mainstream media and the Democratic Party-from Bill and Hillary Clinton to Barack Obama-with "half his brain tied behind his back, just to make it fair." Chafets paints a compelling portrait of Limbaugh as a master entertainer, a public intellectual, a political force, and a fascinating man.

Book Information

Hardcover: 240 pages

Publisher: Sentinel HC (May 25, 2010)

Customer Reviews

I received the book from as I arrived home yesterday evening. I was obviously pleasantly surprised as displayed by the picture I sent to both of you. The irony was not lost on me either, as a book about Rush Limbaugh, defender and champion of the private sector was actually delivered ahead of "shed"-ule, (not to be confused with "sked"-ule) and un-damaged by that wonderful government program - The U.S. Postal Service. Who knew?!?The book is about 210 pages long and is an easy and enjoyable read. I read it start to finish on the back patio in about 4 hours, where I smoked two Churchill's (La Gloria Cubana Serie R No. 7), consumed three "adult beverages" (Laphroaig single malt scotch), and wore my Club Gitmo t-shirt ("Your tropical retreat from the stress of Jihad").For ditto-heads who are everyday listeners, much of the material covered about the show is already known, e.g. - Operation Chaos, The NFL ownership saga, "I Hope He Fails", Michael J. Fox, etc... While ditto-heads know about these events because we attentively listen three hours a day, it is nice to be reminded of them, as they always bring back fond memories. Especially some of the older things we forget about back during the Clinton years that aren't as fresh on our minds. What was interesting to me was discovering how Rush personally feels about some of these things as they pertain to his show (not his politics); such as "Barack the Magic Negro" (by "white comedian" Paul Shanklin) is his favorite parody they've ever done on the show.

Combining historical data along with personal interviews and emails from Rush himself... author Zev Chafets has fashioned a detailed narrative of Rush Limbaugh's life from childhood to his current day *MEGA-STAR* status. While unabashedly admitting in the opening that the first time he heard Rush on the radio was akin to the first time he saw Elvis on TV... I found it refreshing that the author did not try to cover-up Limbaugh's gaffes whether public or private. Along with following Rush's life steps from Missouri... to Pennsylvania... to California... to New York... to Florida... and everywhere in between... this remarkably free-flowing easy to read tale of the man that Ronald Reagan himself dubbed "THE-MOST-DANGEROUS-MAN-IN-AMERICA"... includes his prescription drug addiction... rehab... legal battles... and public embarrassment and mea culpa.Rising from not being an overly popular teenager who worked as a disc jockey and whose life goals were more of the same... to becoming perhaps the most influential non-politician in the country... Chafets digs deep to show the

influence and history of the men in Rush's family. Rush's Grandfather, Rush Sr. was a lawyer and when he retired at the age of *ONE-HUNDRED-TWO-YEARS-OLD* he was the oldest attorney working in the United States. A fact that Rush's enemies might want to take into consideration if they're hoping Rush won't be around very long. Rush's Father, Rush Junior, also a lawyer... was an absolute hero to Rush III... "AND STILL CALLS HIM THE SMARTEST MAN I EVER MET." "BIG RUSH" was a World War II combat pilot and his anti-communist opinions and the way he thought the United States should be run formed the nucleus of what Rush is today.
