Customer Reviews

Found this book on a coffee table at the Peace and Plenty hotel in Georgetown Exuma. Was able to order it from my iPhone and have it waiting upon our return. A wonderful book with photos from one of our favorite places on earth.

A coffee table size book with text and 65 4 color photos of the people and landscapes of the Out Islands of The Bahamas. Text relates the geographical, cultural and historical evidence present in the photos and words of the people. This history is only being preserved in words and song of the people. Read about the 'Shark Lady', the Bush Medicine man and other friendly faces from exotic places like 'Crooked Island', 'Great Exuma' and 'Farmers Cay'.
