# Out From Nassau

## Synopsis

Set in the Bahamas in the 1920s, Out From Nassau provides the reader with both the inside moments and the larger story - the details known only to those who were there at the time when Prohibition was the law in the US and much of its illegal booze was being smuggled in from the Bahamas. The story focuses on the lives of people living in Nassau and the Out Islands of the Exumas, particularly the McKenzie family. Fact and fiction are thus woven into an engaging, provocative novel. But there is more to this novel than meets the eye, as it clearly describes the lives of the Bahamian women who were, and remain, the caretakers and backbone of the culture.

## Book Information

Paperback: 270 pages

Publisher: Trillium Books (March 6, 2000)

## Customer Reviews

I loved "Out From Nassau"! Fia Scheyer is a wonderful writer and did a marvelous job of creating and developing her characters. Having some knowledge of the Bahamas and its people I find the story of the out-islanders very authentic, as is the plot and the various relationships. I could hardly put it down! It is very readable. It is indeed a pleasure to find such a fine book.Rufus Broadaway

The story and atmosphere of the book are compelling. The production values, however, are appalling and distracting. Was there no editor available who knows English? If they manage to do a second printing, for the sake of future readers, I hope they can afford to properly edit the text.Even with the obvious mistakes, the story itself makes reading the book worthwhile.

Fia Scheyer's book, "Out From Nassau", really captures the feel, sounds and smells of the Bahamas. Written with unusual sensitivity for the indigenous population, the book drives home the

importance of human relationships. Ms. Scheyer's knowledge of the local seas as well as the local people, comes through on literally every page. And her weaving of this tale makes it amply clear what human values should be as Hannah makes her tough life choices. Good book!
