## Customer Reviews

Got me comfortable enough with concepts to discuss matter with Trustee

This one just isn't. I also did not particularly care for the craven way in which the author admitted he was just helping law students issue-spot, rather than, first and foremost, explaining the law.

My Bankruptcy outline would have been incomprehensible without the aid of this nutshell. It broke the bankruptcy process into digestible chunks and conveyed the information in a clear, relatively concise manner. A great supplement.

There are so many typos that it is impossible to trust whether any given statement was supposed to have a "not" in it.
