Modern American Remedies: Cases And Materials, Concise Fourth Edition (Aspen Casebook Series)

Synopsis

Modern American Remedies: Cases and Materials is known for a strong organization that highlights remedies categories and concepts within daily teaching units of roughly equal length, each focused on a clear central theme. The text achieves a solid balance of public and private law and integrates basic legal and economic information, without letting either dominate the book. Memorable cases and well-written notes offer plenty of information to inform class discussion. Following the same organization, scope of coverage, and daily units as the Fourth Edition, the Concise Fourth features tightly focused notes emphasizing basic principles and central points, with fewer illustrations and fewer collateral issues. The volume of notes has been reduced by more than 35%. The Fourth Edition introduces 36 new principal cases, including: *In re September 11th Litigation* (on the measure of damages for the destruction of the World Trade Center); *eBay v. MercExchange LLC* (on the prerequisites to an injunction, or on undue hardship, depending on one's point of view); *Exxon Shipping Co. v. Baker* (on the federal common law standard for measuring punitive damages); and *Philip Morris USA v. Williams* (on the constitutional limits on punitive damages). Substantial reworking of Chapter 8, on restitution, reflects the Restatement (Third) of Restitution and Unjust Enrichment.

Customer Reviews

great seller, item as described, thanks!

Inefficiently written/organized.

Purchased new on AUG. 7th. I'm 10 weeks into the semester and the book is falling apart. All under normal use.

The book I ordered was the concise edition and I received the full edition. Simple mix up, but they would not respond to my return requests and I had to buy another book without a refund. STAY AWAY.

Although the link to this text indicates in title it is the "concise" edition - when I purchased it used there was no such indication. I am now 2/3 into my semester taking Remedies and have gotten to the point where I am missing an entire chapter of case law! The one case in a section is not in the full version either. I am not technically 100 pages behind because of this failure to explicitly indicate what the difference is between the regular and concise version.
