With this gift set that includes a great guide to the game and a fantastic fold-up magnetic checkers board (in the official green and white colors of the American Checker Federation) that doubles as a handy traveling case, there's no doubt you'll become a master. ## Customer Reviews

I am a regular at the MSN gaming zone (usually playing in rated room 1 or kings a competitive room) and before buying this book I had around a 1550-1600 rating which is not good at all. So I thought I would try reading a book and see what it would do to my game. A MAJOR improvement occurred in my game after reading this book. My rating is now hundreds of points higher than before. I have beaten some of the best players and my recent statistics are 16 wins and 3 losses. Where would I be without this book? I dont think my rating would of moved a notch. This is clear to understand and I am buying it for my checker buddies. The board it includes with the 32 numbers is not only great for recording your games you play...but its great for mail play! I got 100 times more

out of this book than what I paid. Thank you Mr.Pike...you really improved my game.
